“ 10 years of crafting
user-friendly, scalable,
and creative solutions
for complex problems ”

📁 Experience

ServiceNow / Staff product designer

May 2024 - Present • Santa Clara, CA

- Pioneered the 0-1 design for unifying the ServiceNow's customer success experiences with a focus on GAI conversation experience and AI search.

LinkedIn / Senior product designer

Jun 2020 - Apr 2024 • Sunnyvale, CA

- Cultivated the design and product vision of monetization (eCommerce, checkouts, global payments & billing), customer success, and admin experiences at LinkedIn. Enabled LinkedIn's success for online self-serve transformation of SaaS products.
- Designed the revolutionized B2B selling experience, Account IQ, that uses Generative AI to assist sellers to streamline their account researches. Within 2 months, it has helped deliver \$22.6 million in new customer acquisition and renewal wins. Account IQ had a 86% CSAT and 86% thumbs-up rate, and was ramped to all 870k Sales Navigator users in December 2023.
- Engaged in the entire recruitment process for designers. Crafted onboarding documents and collaborated with hiring managers for a seamless onboarding process. Mentored Product Designers and interns across 2 teams.
- Driven the team collaboration with LinkedIn's design system team, created and maintained team's local design libraries to enhance overall design quality.
- Collaborated with designers & cross-functional stakeholders across 5 business units.

Neustar / Senior UX Designer

Jan 2016 - Jun 2020 • Los Angeles, CA

- Led the design of Neustar's marketing measurement, attribution, and optimization solution for Fortune 500 businesses.
- Designed and maintained the design system for Neustar's marketing analytics solution and shipped popular features such as Scenario Listing and Custom Report Export, which greatly enhanced user engagement.

MarketShare / UX Designer

Jun 2014 - Dec 2015 • Los Angeles, CA

- Designed MarketShare's core products including Multi-Touch Attribution and Marketing Mix Modeling, elevated MarketShare to Forrester Wave leadership.
